

MINISTRY
OF NATIONAL DEVELOPMENT

The role of bicycle infrastructure developments in the national transport strategy

dr. Zsolt László Becsey
Deputy Secretary of State
Iron Curtain Trail Conference
28 November 2014, Mohács

European objectives

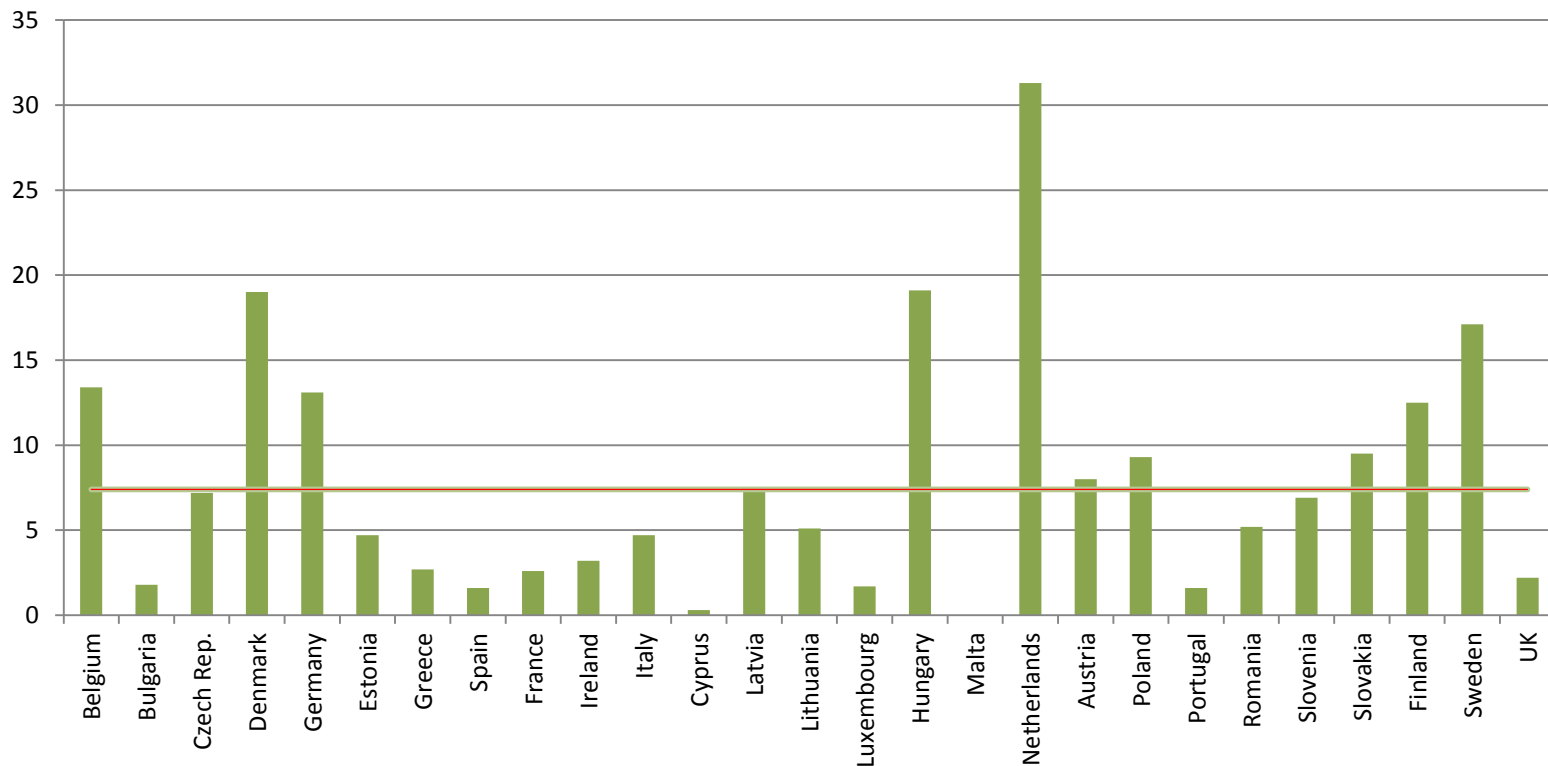

Objectives of EU 2020 strategy

Objectives of the EU White Book to reduce GHG emissions by 60%:

- Halve the use of ‘conventionally-fuelled’ cars in urban transport by 2030 (phase them out in cities by 2050)
- By 2050, move close to zero fatalities in road transport
- Cycling (and pedestrian) traffic must be integrated in urban mobility plans

Modal share of cycling in transportation

Eurobarometer survey: Cycling as main mode of transport [%]

Basic documents

National Transport Infrastructure Development Strategy

National Cycling Concept and Network Plan

Complex Cycling Programme 2014-2020

Cycling aspects of the National Transport Infrastructure Development Strategy

- Ensure conditions for mobility
- Facilitate sustainability
- Support environmental friendly transport modes
- Ensure conditions for safe transport
- Develop the missing sections of a coherent European and national cycling infrastructure network

National Cycling Concept and Network Plan

- Status quo
- Conceptional goals (transportation, social)
- Management tools (financing, awareness, institution, regulation, information system)
- Development tools (network development, intermodality, parking and storage, services)

Complex Cycling Programme 2014-2020

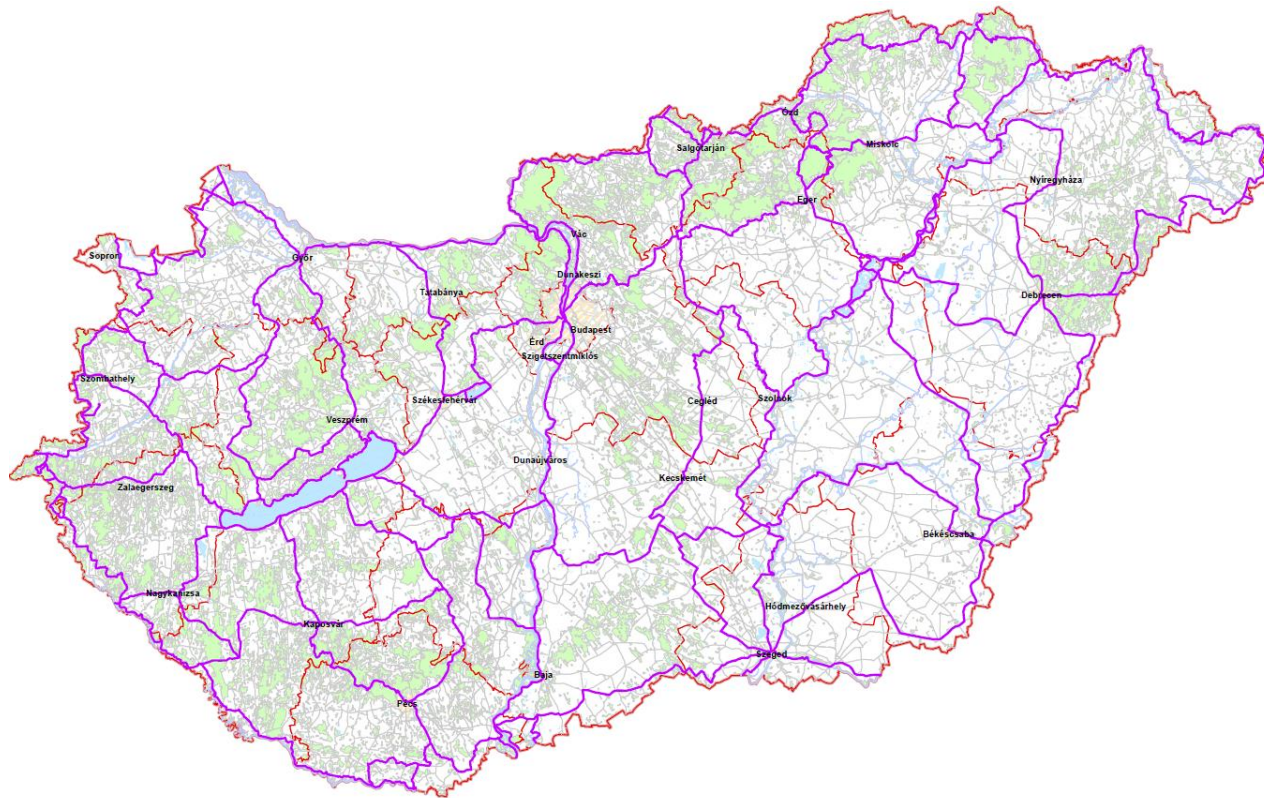

Key areas: infrastructure, awareness, education, safety, leisure
and tourism, industry and trade

Tools and measures (development or management tools)

Priority projects

Main elements of the national cycling network (based on the National Spatial Plan)

1364/2011. (XI. 8.) Government decree

Priority projects:

- Development of EuroVelo 6 – Rivers
- Development of Balaton Round
- Budapest – Lake Balaton Route

Further priorities:

- EuroVelo 11 – East Europe Route
- EuroVelo 13 – Iron Curtain trail
- Various developments in Budapest

Task list

- Central coordination of cycling issues
- Development and maintenance of infrastructure
- Regulation
- Development and operation of services
- Education, awareness and promotion
- Monitoring and evaluation

Thank you for your attention!
